

AMCA NSW, NFIA NSW & AEA PRESENT

OHS And Profitable Projects –

The Essentials for Project Managers

Presented by Lea Maher

LMA – The Safe Move

Lea Maher is an OHS consultant with experience in the industry doing OHS audits, and recently worked on the revision of the AMCA OHS manual and toolbox talk

Location: AMCA NSW
Level 5, 5 Rosebery Ave, Rosebery

Date: Refer to AMCA NSW website for dates
www.amcansw.com.au

Time: 8.30 am – 12.30pm

Who should attend?

All Project Managers and Project Engineers

What will I learn?

At the end of this session will be able to:

1. Identify the responsibilities of all parties under the Act and regulations
2. Summarise the Act and regulations as it relates to their role
3. Audit a project for OHS compliance
4. Understand the link between good OHS and project profitability

Topics covered are:

- OHS – What's in it for me?
- What's in the Act and the regulations?
- Who's responsible for what in your company?
- What does a good project look like?
- What are the links between good OHS and profitable projects
