

"...we speak for air conditioning..."

Fire & Smoke Damper Installers Workshop

There are many past and current fire damper and smoke damper installations which do not stand up to thorough scrutiny for certification or recertification. Make sure your installers are correctly trained.

Presenter: **Simon Hill**
B.E. (Mech), M.I.E. Aust., C.P.Eng.

Alan Obrart
B.Sc., B.E., Grad. Dip. Building Survey & Assessment
C.P. Eng., NPER, FIE Aust., M.AIRAH, M.ASHRAE
Accredited Certifier – NSW BPB

Location: AMCA NSW
Level 3
Suite 304
51 Rawson St
Epping

Date: Refer to the AMCA NSW website for details (www.amcansw.com.au); or
Receive the AMCA-AEA-NFIA Learning and Development Newsletter
(martin@amcansw.com.au)

Time: 8:30am – 12:30pm

Who should attend? Ductwork Installers, Leading Hands, Supervisors

What will I learn? Participants will be familiarised with the fire, the hole, regulations, dampers, installation and maintenance focussing on:

- Fire and smoke hazards in buildings
- Penetration and opening problems
- Regulation and Standard requirements
- How fire and smoke dampers do their job
- Installation, fixing and sealing
- Access and fixing for ongoing maintenance
