

"...we speak for air conditioning..."

Safety Testing & Inspecting Electrical Equipment

This course will show you how to perform safe electrical inspections using a range of testing tools, equipment and risk assessment procedures best suited for the tasks you personally have to undertake. You will gain a solid understanding of Australian Standard AS/NZ 3760:2003 (including the latest amendments for 2010) and can attain a Nationally-recognised Statement of Attainment (UEENEEP008)

Note: you will need at least one tester in your workplace. Intertag can supply these for approximately \$900 on the day

Presenter: Andrew Campbell
Alan Williams
Intertag
www.intertag.com.au

Location: AMCA NSW
Level 3
Suite 304
51 Rawson St
Epping

Date: Refer to the AMCA NSW website for details (www.amcansw.com.au); or
Receive the AMCA-AEA-NFIA Learning and Development Newsletter
(martin@amcansw.com.au)

Time: 8:00am –5:00pm

Who should attend? Any staff who need to **test and tag**

What will I learn? At the end of this session you will be able to:

- Indicate test intervals between different places as per AS3760/2003
- Identify potential electrical hazards and implement preventative measures
- Distinguish between Class 1 and Class 2 equipment
- Operate PAT in accordance with manufacturers guidelines
- Log records of inspection as required by AS3760/2003

Bookings: Fax your booking form to **(02) 9313 6282**

AMCA, NFIA & AEA Members: **\$360** plus GST per Participant | **Non-Members:** **\$720** plus GST per Participant
PLUS if you don't have a tester, they will be available on the day for an additional approximate cost of around **\$900**
